Dear Mr Burton,

Please pass on our thanks to those concerned for supporting our design competition where the children have designed the artwork that will form the flooring and wallpaper to the corridor of the new block.

We are extremely grateful for the prizes of Easter Eggs for all the competition winners. The children themselves are more excited by the prospect of the opportunity to walk around the new build before anyone else and I hope we can liaise with John and the H&S manager to get this organised before the end of June.

The building itself is really taking shape and we continue to be thankful of the good working relationship we have formed with the company.

Yours Sincerely,

David Shakeshaft
Head teacher
